

Index to Chase & Phillips, *A New Introduction to Greek*

by **Alexandra Weston, University of Dallas**

Numbers in parentheses refer to chapters, all other numbers to pages. Entries in block letters refer to SYNTAX rather than inflection. Greek words have entries only if they are irregular or have special rules, or are used for paradigms. The entry for "Conjugation of Regular Verbs" is so long that it seemed best excised & put as an Appendix.

- Accents:** acute, grave, circumflex, & their position (2.1-2) 4-5
 of Contracted Adjectives (1st and 2nd decl.), e.g. -οῦς, -ῆ (17.3) 60
